

REJECT NAB's petition 04-160

I'm a flag waving XM Satellite Radio fan. The NAB's initiative flies in the face of all that is America. They could have risked the millions that XM has but chose to do business the old fashion way. Now it appears the best they can do is try to limit the reach and appeal of this exciting company.

Please leave this decision to the owners, bankers, board of directors and stockholders after all they are the ones that are betting the farm on each and every thing they do.

I respectfully urge the FCC to reject the NAB's petition.
